LEDGO COUNTER

100 x 100 cm

- lightweight, mobile, illuminated counter solution

The LEDGO Counter combines advanced LED technology with a sleek, high-quality design, offering a versatile and mobile counter solution.

- Illuminated on Both Sides: Provides double-sided backlit graphic areas for enhanced visibility.
- Effortless Assembly: Tool-free setup facilitated by the spring ball system and precisely crafted aluminum profiles
- Secure Transport: Comes with a robust ABS transport case featuring foam inserts, wheels, and handles for maximum protection and portability

COUNTER ONE

100 x 100 x 48 cm

illuminated counter solution

Counter ONE seamlessly combines innovative LED technology with a sleek, high-quality design, offering a versatile and mobile counter solution. Its advanced plug & play system ensures effortless assembly and brilliant illumination.

- Effortless Assembly: The intuitive plug-in system allows for quick, tool-free setup, making it user-friendly and efficient
- Integrated Storage: Equipped with a rear storage shelf, providing convenient space for documents and essentials
- Secure Transport: Comes with a robust ABS transport case featuring foam inserts, wheels, and handles for maximum protection and portability

COUNTER ONE MINI

50 x 100 x 48 cm

- Compact in size, bold in style

Counter ONE MINI offers the same sleek look and smart features as the original Counter ONE – in a more compact format. It features a 50 x 100 cm illuminated front and a depth of 48 cm. Available in two versions: with or without a rear access door.

- Compact & Functional: Same design and build quality as Counter ONE, but in a smaller footprint
- Two Variants: Choose between a version with rear door or without, depending on your storage needs
- Secure Transport: Comes with a robust ABS transport case featuring foam inserts, wheels, and handles for maximum protection and portability

COUNTER ONE EXTENSION

- Seamless connection with continuous graphics for any number of Counter ONE
- Continuous graphic with even backlighting without visible transitions

COUNTER ONE CORNER

- Connect two Counter ONE's with an illuminated corner for a uniform design
- Tool-free assembly and safe transport in an ABS case
