# TRANSFORM EVERYDAY SPACES INTO PROFESSIONAL DISPLAYS

School halls, libraries, gymnasiums and multipurpose spaces weren't necessarily designed as galleries — but they can become one.

Brandstand portable display walls provide a flexible way to create temporary exhibition spaces without permanent construction.

Create. Configure. Display. Reuse.

# ONE SYSTEM. MANY APPLICATIONS

The modular nature of the system allows schools to create different layouts depending on the event.

## VISUAL ARTS

Student exhibitions, HSC/IB showcases, photography and graduating works.

## STEM & Design

Showcase projects, prototypes, research and student achievements.

# MORE THAN AN ART-SHOW WALL

Reconfigure it. Reuse it. Make every space work harder.

## OPEN DAYS

Create temporary zones, information areas and departmental displays.

## CAREERS & INFORMATION EVENINGS

Create temporary booths, presentation areas and defined spaces.

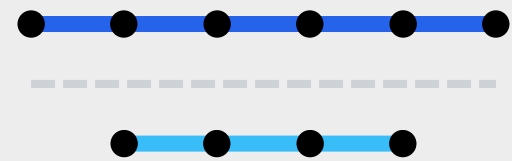

## COMMUNITY EVENTS

Alumni events, history displays, awards, fundraising and parent functions.

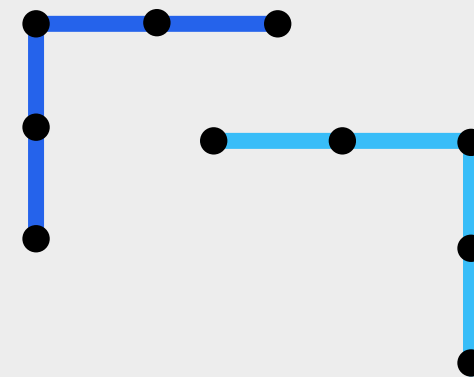

# A TEMPORARY GALLERY WITHOUT BUILDING PERMANENT WALLS

The modular nature of the system allows schools to create different layouts depending on the event.

**Straight Walls**

Corridor or open-day divider

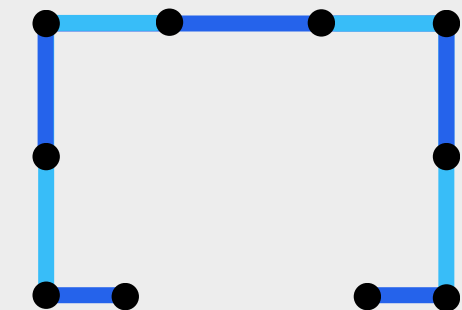

**L-Shapes**

Corner & Alcove Display

**Zig-Zag Displays**

Freestanding Stability

**Temporary Rooms**

Enclosed presentation zone

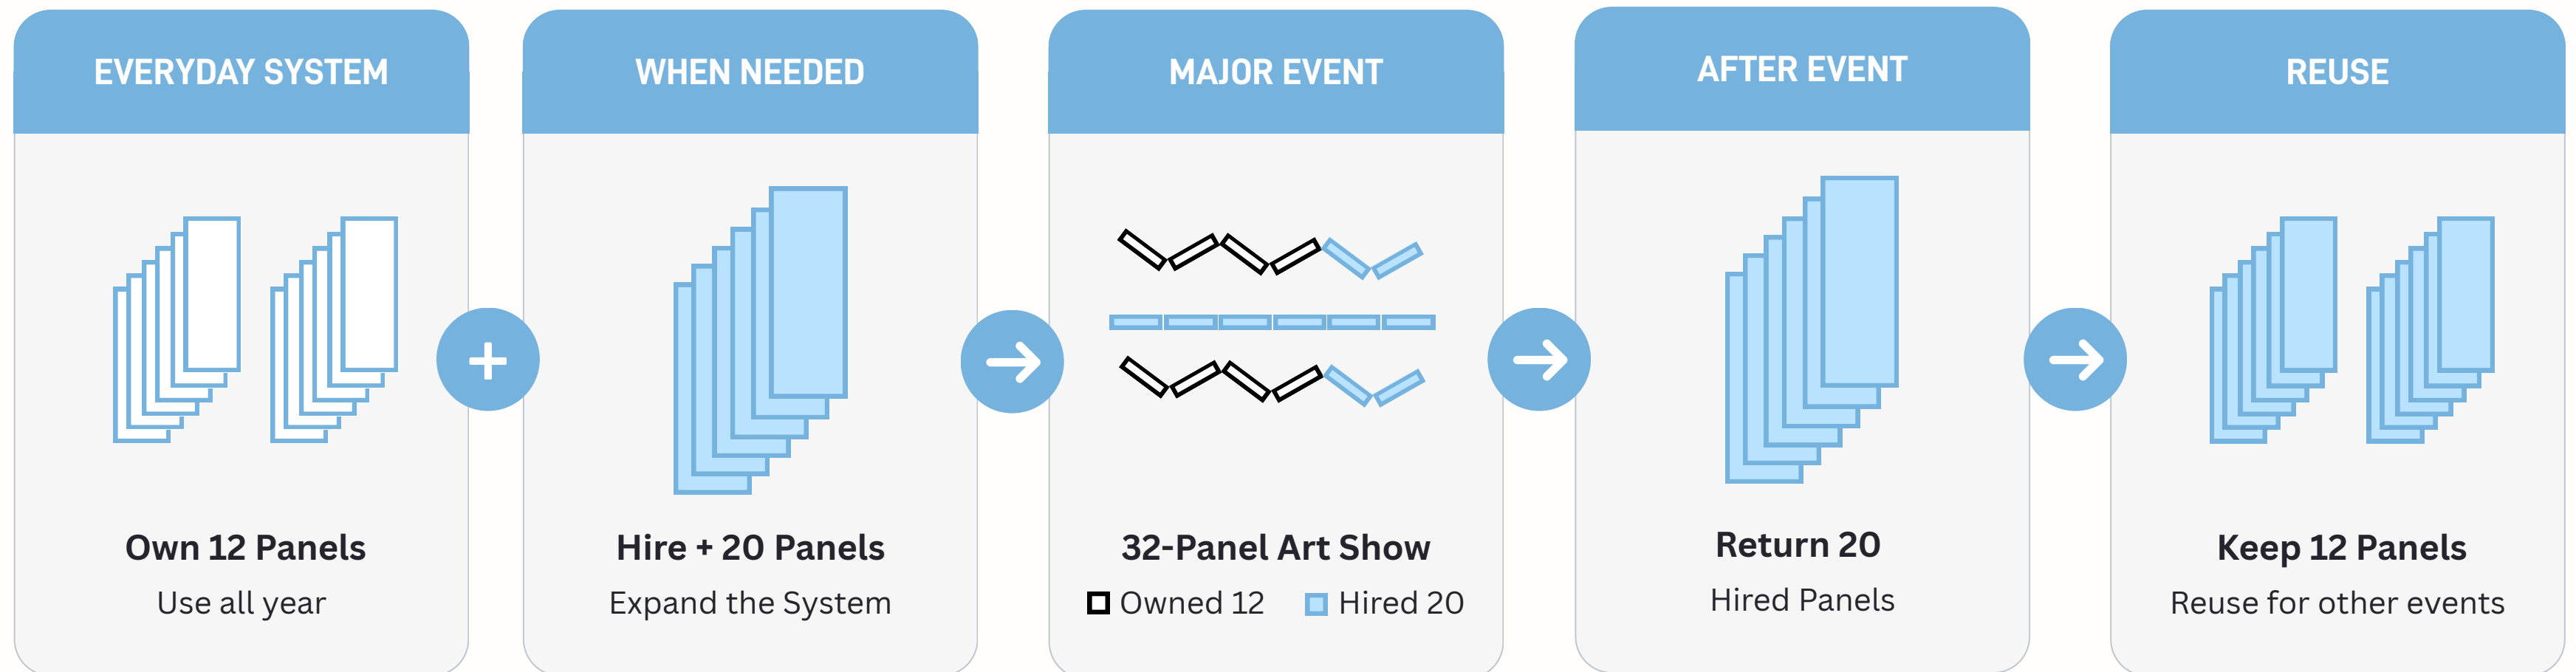

## ENDLESS RECONFIGURABILITY

The modular nature of the system allows schools to create different layouts depending on the event. The same panels are reconfigured for the next exhibition.

# PURCHASE WHAT YOU USE. HIRE WHAT YOU OCCASIONALLY NEED

Purchase a core quantity of Brandstand portable display panels for everyday use throughout the year. When your major annual exhibition, art show or open day arrives, simply hire additional panels to expand your system.

**Everyday System (Purchase)**  
Core 10–20 Panels for regular use

**Major Event Expansion (Hire)**  
Rent temporary panels on demand

**Large Temporary Exhibition**  
Zero long-term storage burden

# DESIGNED AROUND YOUR SCHOOL

Every school is different.

Brandstand can work with your team to understand:

- Available floor space
- Number and type of artworks
- Expected visitor numbers
- Required display area
- Access and installation requirements
- Storage between events
- Frequency of use
- Available budget

From there, we can recommend a practical configuration and quantity rather than simply supplying panels.

**BEFORE**

**Empty school hall**  
Lot of potential. But not a gallery environment.

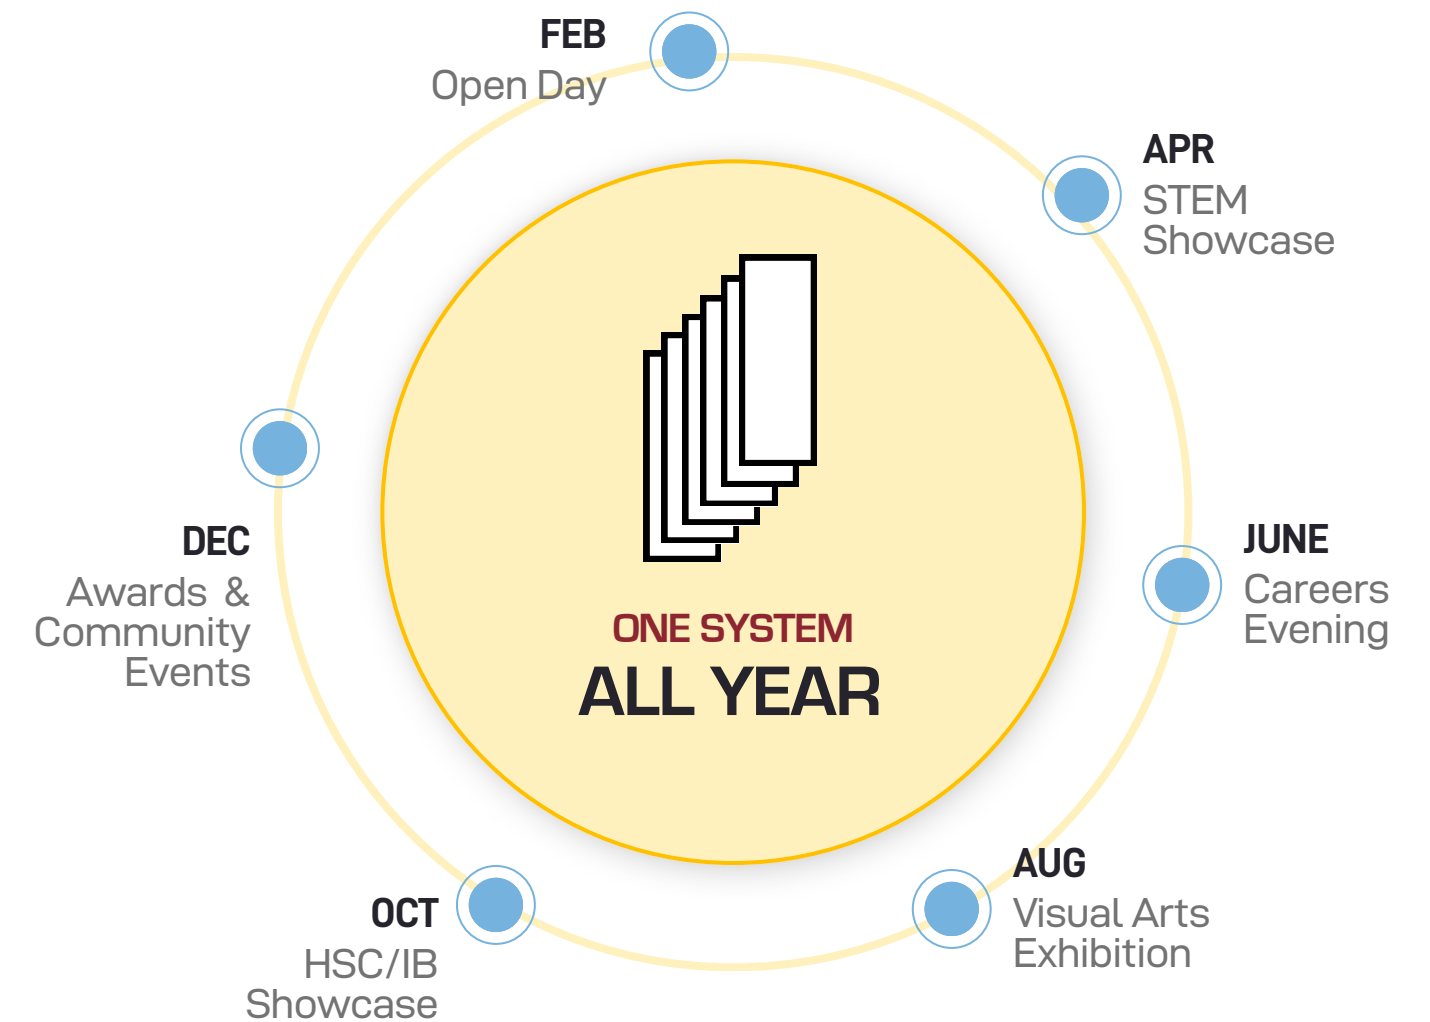

**AFTER**

**Professional temporary gallery.**  
Display walls create the perfect temporary gallery for art shows, open days and school events.

**One display system.**  
**Multiple departments. Multiple events.**  
**Year after year.**

**Need more panels for one major event?**  
Simply hire the additional quantity from Brandstand.
